

REMARKS

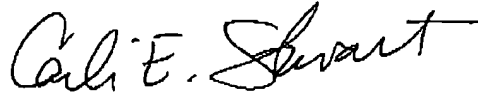

The specification has been amended to reflect the corresponding issued U.S. patent number for a U.S. Application referenced within the priority claim of the specification.

No new matter is believed to be entered by this amendment. Approval of the proposed amendment is respectfully requested.

No fee is believed to be owed in connection with this Preliminary Amendment. However, please charge any fees that might be due in connection with this paper to Barnes & Thornburg deposit account number 10-0435 with reference to our file 26506-73682.

In the event that there are any questions related to this amendment or to the application in general, the undersigned would appreciate the opportunity to address those questions directly in a telephone interview to expedite the prosecution of this application for all concerned.

Respectfully submitted,
BARNES & THORNBURG
